CONTENTS

Original Article:

Effect of obesity on parasympathetic nervous system 154-156

Supriya Bajirao Sakhare, Ajit Ashok Holkunde

Dorsal sacral agenesis: A study on dry sacrum bones 157-160

Amol A Shinde, Purushottam Rao Manvikar, Vaishaly K. Bharambe

Relationship of anthropometric variables with lipid profile in moderate and sedentary workers 161-165

Jyoti Rao, Anjali Nadir Bhat, Amarjeet Singh Bhatia

Correlation of anthropometric indices related to obesity with pulmonary function tests in female medical students 166-169

Harleen Kaur, Archana Goel, Nidhi Puri

Morphological study of anatomical variation of foramen transversarium in cervical vertebrae and its clinical implication 170-172

Brijeshkumar R. Aghera, Sami Ahmed, Ajay Parmar, G C Agarwal, T C Singel

Morphometric study of fallopian tube and its relation with age and height of the individual in south Indian population 173-175

Chandni Gupta, Vikram Palimar, Azim Adhir P.

Effectiveness of peers and faculty feedback on students performance 176-179

Amruta S Bennal, R. H Taklikar², Rashmi

Morphological and morphometric study of insular cortex in human cadaveric brains 180-185

Jaya Kadam, Vandana Sharma, Sonia Baweja, Deepak Sharma

Study of ossification in long bones of aborted human fetuses of various weeks of gestation by Alcian blue stain 186-190

Arpan Haldar, Manisha R. Gaikwad, Amit P. Tirpude, Provas Banerjee, Soumya C Bhattacharya

Multicentric morphometric study of sexual dimorphism in body of first sacral vertebra of dry human sacra in Central India region 191-196

Deepak Sharma, Sonia S Baweja, Vandana A Sharma

Effect of cold stress on heart rate and blood pressure in healthy offspring with and without parental history of type2 diabetes mellitus 197-201

Vivek P., Arifuddin M. K.

Incidence and clinico- anatomical relevance of pneumosinus dilatans frontalis using computed tomography and in south Indian skulls 202-204

Aftab Begum, Siraj A. Shirbadgi

The modulatory influence of different phases of menstrual cycle on the parasympathetic tone in sedentary females-A cross-sectional study 205-209

Nirmala S. Anand, Shivaprasad Goudar

Haematocrit as diagnostic tool for assessing Primary Postpartum haemorrhage 210-213

Sneha K, Girish Babu M, Manjunath ML

Forced expiratory flow during 25%-75% of expiration in middle aged obese and non-obese females – A comparative study 214-216

Malini M, V. S Baljoshi, K. F. Kammar

A cadaveric study of variations in the branches of popliteal artery in South Indian population 217-219

Sumana. R, Shivakumar .A.H

Effectiveness of problem based learning on student's knowledge construct in I MBBS students - A cross-sectional study 220-223

N. Gowdhaman, D. Vijayalakshmi

The impact of hypertension on executive functions & speed of processing in geriatric subjects 224-228

Jayamala A. K., Latha R., Nirmala N., Keerthika G., Saaramathi E.

Cadaveric dissection- An integral part of first year MBBS anatomy teaching (students' perspective) 229-232

Pratik N. Trivedi, Mohit V. Changani, Ashish J. Rathwa, Chintan J. Lakhani

Prevalence of different forms of neuropathies in type 2 diabetes patients attending a tertiary care hospital in Central Gujarat: A hospital based cross sectional study 233-236

Balaji W. Ghugare, Mukesh R. Dinkar, Himanshu Chauhan

Heart rate variability in trained athletes and sedentary individuals- A Comparative study 237-240

Vedashree Hegde, N G Borade, S. Naveen, Bhargava V. Devarakonda

Role of multidetector computed tomography (MDCT) in evaluation of main and right portal vein branching patterns and its clinical significance 241-245

Hira Lal, Aparna Juneja, Pragati verma, Ashok Kumar, Raghunandan Prasad

Evaluation of F-wave study in assessment of neuropathy among hypothyroid patients with or without clinical neuro deficit- A case control study 246-249

Satyendra K. Prajapati, Balaji W. Ghugare, Mukesh R. Dinkar

A comparative study of bone mineral density in females doing weight bearing exercise and non-weight bearing exercise using dual energy x-ray absorptiometry 250-253

Shilpa Gantela, A. Hemalatha Devi

Occipital condyles and its relation with hypoglossal canal: Anatomical study in central Indian population 254-259

Naresh Thanduri, Neha Rai, Sheema Nair, Vishal Bankwar

The histological study of human fetal spleen 260-265

Ajit Holkunde, Supriya Sakhare

Radial glomerular count- An assessment of human nephrogenesis 266-268

Suvarna A. Gulanikar, Savita Kadam, SmitaShinde, G. A. Shroff

Morphometric measurement of adductor longus and its clinical application: A cadaveric study 269-273

Navneet Kour, Vanita Gupta, Gaurav Agnihotri, Shalika Sharma, Vikrant Singh

Subjective assessment of pain and disability in subjects with Knee-osteoarthritis undergoing low level laser therapy (LLLT) 274-277

Arun kumar M, Venkatesh D

A study on topography of clavicular neurovascular foramina and its surgical implications 278-280

Venkatesh Kamath, Saroj Kumar, Muhammed Asif , Shivarama Bhat, Md. Tabrej Alam

Case Report:

Indiscriminate ossification of ligaments in a dry adult human male pelvisâ€” A rarity 281-285

Amit Tirpude, Prakash Mishra, Manisha Gaikwad, Praveen K. Ravi, Mantu Jain

Cardiovascular disease among patients admitted to medicine intensive care unit (MICU) in tertiary care hospital 286-288

Arpith M. N., Revathi Devi M. L., Purushothama S. M., Manju Natha S. N.

Ectopic liver on gall bladder serosa a case report and brief review of literature 289-290

Mahendra Lodha, Hemanshu Pande, Suresh kumar, Ashok Puranik

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
