CONTENTS

Review Article:

Oral physiology 256-259

Akshat Sachdeva, Sumit Bhateja, Geetika Arora

Original Article:

Modified saturated salt solution (MSSS) method for embalming 260-263

Mani Kathapillai

Study of waist circumference in school children 264-268

Kharat Vidya, Puranik Medha

A cross sectional study to find the association between junk food, obesity and peak expiratory flow rate in medical students of age group 18 to 25 years 269-274

Shruti Madhur, Harpreet Kour

Effectiveness of planned teaching on knowledge regarding nurses role in blood transfusion 275-278

Trupti Shende, Amol Khade, Bhupendra Gathe, Babita Sahu, Harish Bohra

Impact of lifestyle modifications on obesity and biochemical parameters at different time intervals in newly diagnosed patients with type 2 diabetes mellitus - A randomized controlled trial 279-286

Harpreet Kour, Shivaprasad Goudar, V A Kothiwale

Correlation between PEFR and regional body fat in the middle aged male subjects - A cross sectional study 287-290

C Bharathi, T Kannan Kumar, R Niruba

Body fat distribution and its effect on vital capacity index in young adults 291-294

V. Seetha Rama Raju, Raghavendra Sherikar, CH Srinivas

Evaluation of teaching methods in anatomy : A study on first year medical students 295-298

Rupal Shastrakar, Manisha Nakhate

Variation in the size of foot and great toe in unilateral CTEV (club foot deformity) 299-303

Mohammed Jalal Mohiuddin, Syeda Sadia Sameera, Hafsa Razvi Syeda, Sai

Rithwika

Comparative study of pulmonary function test and dermatoglyphics in eczema patients 304-308

Vatsala A R, Ajay K T

Effect of smoking on visual evoked potential 309-314

Kavyashree H M, Deshpande D V, Prashanth Sripuram, Sindhuja A

Evaluation of perception regarding feasibility of introducing objective structured practical examination (OSPE) in the department of anatomy 315-320

Neha Rai, Shema K Nair

Perspective of post graduate students regarding the medical physiology curriculum 321-324

Bhanu R, Dayananda G, V Pramodh

Computed tomographic study of sphenoid sinus and its septations 325-330

Kuldeep Kumar, Pooja Gautam, A P Mishra, C S Ramesh Babu

Morphometric study of sexual dimorphism in lumbrical muscles in human cadaveric hands 331-334

Vrushali V Maindarkar, Santoshkumar A Dope

Role of Yoga in relieving anxiety in MBBS Students 335-337

Vandana S Daulatabad, Charushila Rukadikar, Prafull Kamble

Estimation of height from the lengths of second and fourth digits of hand in Gujarat region 338-343

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
