Issue - 1

Year-2020

CONTENTS

Original Article:

An analysis of smartphone addiction among MBBS students 1-7

Muktal M Bhalerao, Bindu Krishnan, Smita J Mokal, R G Latti

Comparative study of heart rate variability, heart rate and blood pressure in different phases of menstrual cycle in healthy young women aged 22-40 years 8-11

Usha Rani Y S, Venkatesh G

Effect of yoga on pulse rate and blood pressure 12-15

Neha H Pandya, Toral Goswami, R S Trivedi

Effects and impact of an innovative pair and share learning strategy on academic performance of slow learners in I MBBS 16-18

Renu Lohitashwa, Soumya B A, Suneeta K

Exploring the anatomical dimensions of hand and its correlation with height - An observational study in context of Indian population 19-22

Aparna Joshi, Ganesh Khemnar, Medha Puranik

Effect of meditation on cognitive performance of auditory and visual reaction time in medical students 23-26

Amruta N Kumbhar, Padmaja R Desai, R Padmaja

Comparison of heart rate variability and classical autonomic function tests between type 2 diabetes mellitus and healthy volunteers 27-31

Rashmi Ramanathan, Mohan Jayabal, Manishankar Subramaniam, Vinothkumar Selvaraj

Waist hip ratio as predictor of incident diabetes in young adults 32-35

Sonia Singh, Sanju Acharya

Effect of group dynamics on performance of first year medical students 36-41

Chandrika Teli, Nilesh Kate

Use of multiple choice questions to assess the knowledge and awareness about HIV/AIDS - A core

competency, among first and second MBBS students of KBNIMS, Gulbarga 42-47

Shilpa N, Shashidhar V

Spirometry in subclinical hypothyroidism 48-50

Vishalaxi Jadhav, K F Kammar

Radio anatomical analysis of positional relation between anterior ethmoid artery canal and ethmoid skull base in correlation with olfactory fossa 51-55

N Vinay Kumar, T S Gugapriya

Sleep pattern and life style habits in medical students and interns 56-61

Ashita Maria Paul, Vikram Gowda N R, V S Sumadevi

Cognitive performance and Heart rate variability: The influence of menstrual cycle in young subjects 62-67

Vikram Gowda N R, Pavithra Sree Nath

Quantitative analysis of morphometric variations of human spleen - A cadaveric study 68-71

Srivani D, Sreekanth C, Prathiba K, Lalitha Kumari M K

Types of pulmonary fissures and its surgical implications: A cadaveric study 72-76

Manjunath Halagatti, Channabasanagouda

Morphometric assessment of adult human lumbar vertebrae 77-80

Balu Gangaram Londhe, Rajendra Somnath Garud

Objective structured practical examination: As an assessment tool in newly introduced competency based anatomy curriculum 81-86

Deepa Bhat, Pushpalatha Murugesh, Pushpa N B

Correlation between body mass index and sleep patterns & duration among medical students 87-90

Ajay Sharma U, K K Kasturi, Revathi Devi M L, Manjunath S N

Measurement of cervical spinal canal diameter by radiographs to study the degree of cervical spinal canal stenosis in an Indian population; Predictive value of Torgs ratio to assess cervical spinal canal stenosis 91-97

Peter Ericson Lingamdenne, D Krishna Chaitanya Reddy, N L N Moorthy, Seema Madan

Morphological and histological variations in livers and its embryological correlation 98-103

Stuti Srivastava, Abeer Zubair Khan

Perception and feedback of medical students about teaching methods in anatomy 104-109

Aditi Srivastava, Archana Singh

A study of correlation between hand anthropometry and hand grip strength in young adult male population of North India 110-115

Rabia Khatoon, Munish Khanna

Effectiveness of vestibular stimulation on selected biochemical parameters in young adults 116-123

Sai Sailesh Kumar G, J K Mukkadan

Case Report:

Ulnar artery: A case report of high origin and superficial course 124-126

Veena V Kulkarni, Rakesh Kumar, Subhash K Deshpande

Short Communication:

Infrared clinical anatomy of mammary gland's additional lobe in non-pregnant young woman
127-129

Natalia Urakova, Aleksandr Urakov, Vladimir Nikolenko, Lolita Kartasheva

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
