Issue - 4

Year-2021

CONTENTS

Review Article:

An insight of association of insulin resistance with polycystic ovary syndrome 248-254

*Sanchari Chakraborty, Ankita Samaddar, Nilansu Das, Sudip Kumar Saha, Barnali Ray Basu**

Original Article:

A cadaveric study of relationship of external carotid artery with reference to adjacent anatomical landmarks 255-259

Anjalee G Ovhal, K Ravikumar, Sachin Badge*

Morphological and morphometric studies on the scapula and humerus of Binturong (Arctictis Binturong) 260-263

Pranab Chandra Kalita, Swarup Debroy*

A study on association of serum uric acid and blood pressure in hypertensives at a tertiary care centre 264-268

*Malika Noorjehan Samozai, Rajashree Devarapalli, K Ranjith Babu**

Morphometric study of nasal bones and piriform apertures in human skulls 269-273

Mohini M Joshi, Sushama K Chavan*

Students perception on teaching methods in anatomy- A comparative study before and during covid era 274-279

Talapala Venkata Ramani, M Pratyusha, S Bharathi, S Sivanageswar Rao*

Study of contributing arteries to superficial palmar arch formation 280-283

*Bangale Sridevi P**

Neuroprotective effect of and ascorbic acid in brain against high fat diet and stress induced neurotoxicity 284-292

Rajesh Vaderav, Kavitha K, Subadhra Devi Velichety, Anand Acharya*

Incidence of hearing impairment in at risk babies 293-297

Manjushree R, Bhagya V, Brid S V*

Implementation of use of hand-made three-dimensional models to teach Anatomy with supplement to traditional methods with limited resources 298-300

Bhadreshkumar P Vaghela, Satish M Patel**

Morphometric study of sacrum and its clinical implications in population in Bihar 301-304

Binod Kumar, Sanjay Kumar, Rajiv Ranjan Sinha, Md Jawed Akhtar, Avaniish Kumar*

Evaluation of biparietal diameter and femur length by ultrasonography method, its correlation with fetal gestational age a comparative study in Chhattisgarh state of India 305-309

M L Ganware, Sidiqi Abdul Rafique, Goyal Meena, Netam S B S, Rahule A S, Khute Prakash*

Study of serum copper and zinc levels in type-II diabetes mellitus patients 310-313

*Malika Noorjehan Samozai, Rajashree Devarapalli, K Ranjith Babu**

A study of variations in branching pattern of axillary artery in cadavers 314-319

Anjalee G Ovhal, K Ravikumar, Devender Sachdev*

Topography of the location of mental foramen in dried edentulous human mandible and its clinical implication 320-324

Boski Gupta, Bhadreshkumar P Vaghela, Sudarshan Gupta*

The association of male infertility with telomere length: A case control study 325-332

Kate Deepali Rajesh, Puranam Vatsalaswamy, Manvikar Purshotam Rao*

Short Communication:

Teaching cadaveric laparoscopic anatomy in medical curriculum - An essential learning option 333-334

Kaushik Bhattacharya, Neela Bhattacharya, Aditya Shikar Bhattacharya*

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
